Profile Summary

Dedicated and enthusiastic B.Tech Computer Science student with a strong interest in software development, programming, and problem-solving. Skilled in Java, Data Structures, and web technologies. Passionate about learning emerging technologies and building innovative solutions. Strong teamwork, communication, and analytical skills with active participation in technical events and hackathons. Seeking opportunities to apply technical knowledge and grow as a software professional.

Education

- **Bachelor of Technology (Computer Science and Engineering)** 2024-2028
Chandigarh Group of Colleges, Jhanjeri
CGPA: **8.20**
- **Senior Secondary School Education** 2023
S.K Mother International School
Percentage: 67
- **Secondary School Education** 2021
Resonance International School
Percentage: 76

Projects

Smart Parking System

- **Key Features:**
- Real-time tracking of available and occupied parking slots
- Vehicle entry and exit management system
- Automated parking fee calculation based on duration
- Organized database for storing vehicle and transaction records
- User-friendly interface for monitoring parking activity
- **Tech Stack:** MYSQL, Node.js, Express.js, HTML, CSS, Javascript

AI Crop disease detector

- Developed an AI-powered crop disease detection system using CNN, TensorFlow, and OpenCV for plant leaf image classification.
- Built and trained a Deep Learning model with image preprocessing and augmentation techniques to improve prediction accuracy.
- Designed a web-based interface for real-time crop disease prediction using Python and Streamlit/Flask.

Tech Stack

- **Programming Language:** Python
- **Deep Learning & ML:** TensorFlow, Keras, CNN
- **Computer Vision:** OpenCV
- **Data Processing & Visualization:** NumPy, Pandas, Matplotlib
- **Web Framework/UI:** Streamlit / Flask

Collaborative Whiteboard

- Developed a real-time collaborative whiteboard application enabling multiple users to draw, write, and interact simultaneously on a shared canvas.
- Implemented real-time communication and synchronization features using WebSockets/Socket.IO for seamless multi-user collaboration.
- Designed an interactive and responsive frontend with drawing tools, shape creation, and live updates to enhance user experience.

- Integrated client-server architecture and version control practices to support scalable collaboration and efficient project management.

Tech Stack

- **Frontend:** React.js, HTML, CSS, JavaScript
- **Backend:** Node.js, Express.js
- **Real-Time Communication:** Socket.IO / WebSockets

Skills

- **Technical Skills:** C++, Java, HTML, CSS, JavaScript, MySQL, Python
- **Soft Skills:** Leadership, Problem Solving, Teamwork, Communication, Adaptability, Time Management
- **Core CS Concepts:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer organization and architecture.

Achievements / Participation

- Solved 50+ coding problems on LeetCode strengthening programming, logical reasoning, and DSA fundamentals.
- Management Team Member at GeeksforGeeks (GFG), contributing to the planning and execution of technical events, workshops, and student community initiatives.
- Served as Event Coordinator for AVATAR 2K26 and coordinated the AI Ignite: Powering the Future Workshop, demonstrating leadership, teamwork, and organizational skills.
- Participated in Hack-N-Win 3.0 and HackStorm: Internal Smart India Hackathon 2025, showcasing problem-solving, innovation, and collaborative development abilities.
- Successfully completed Web Development training and internship at Ediglobe, gaining hands-on experience in frontend development and practical web technologies.
- Earned certifications in Programming Fundamentals using Python and Java Programming Fundamentals from Infosys Springboard.
- Actively participated in Elite Coders Winter of Code (ECWoC) among 5000+ participants, contributing to coding and open-source learning initiatives.

Certifications

- **Certificate of completion-Web development**—Ediglobe [🔗](#)
- **Web Development Internship Certification** — Ediglobe [🔗](#)
- **Java programming Fundamentals** [🔗](#)
- **Programming fundamentals using python** [🔗](#)
- **Certificate of Partication in Hack and Win 3.0** [🔗](#)
- **Certificate of partication in SIH** [🔗](#)
- **Certificate of participation in ECWoC** [🔗](#)
- **AI Tools Workshop** [🔗](#)
- **Certificate of Appreciation** [🔗](#)
